From the author.

Arthouse look at the colonization of Mars ... Reptiloid, Captain Deer, Flying Octopus, Mushrooms and Pain ... I could not film, so I made a game.

Mars is a wonderful planet. I was not on Mars, but I'm sure that the Mushrooms grow there and the Flying Octopuses live. And beneath the surface are the Talking Stones.

If you want to be the first to colonize Mars, then you must be a Reptiloid. But most likely, you are not a Reptiloid ... If you were a Reptiloid, then you would have a friend Captain Deer who betrayed you ...

This game is about the difficult fate of one Reptiloid, who has the honor to capture Mars.

Do you want Cracker? If so, go to the store ... And do not forget to buy milk!
